

Fremont County Recreation Board

admin@county10recboard.com

Dear Grant Applicant:

The Fremont County Recreation Board is requesting community grant requests for the 2022-2023 Fiscal Year beginning July 1st, 2022 as we anticipate county funding but it is not guaranteed at this time. We are requesting community grant applications to be turned by April 15th, 2022 but no determination of grants awarded will be made until July 1st, 2022 once the county has an approved budget.

No community grant meeting will be held this year as the Board will determine final awarded community grants based on your applications turned in so completeness and accuracy will be required. The Board will reach out to the contact person listed on the grant if we have any questions or concerns, so please make sure to include a good email and phone number to contact.

This letter is informational and contains general instructions and guidelines used by the Fremont County Recreation Board to formulate rankings on projects presented.

Grant Applications are due by 5:00 p.m. on Friday, April 15, 2022, and will be accepted by U.S. Mail

or hand delivery at the addresses below:

	Fremont County Recreation Board		Fremont County Recreation Board
Mailing:	Inberg Miller	Mailing:	Lander Parks & Recreation
Physical:	124 East Main Street Riverton, WY 82501	Physical:	405 Fremont Avenue Lander, WY 82520

Grant Applications must be complete and legible. Incomplete or inaccurate Grant Applications will be denied. **Please submit an original application and 9 photocopies** (do not return the General Instructions and Guidelines).

We prefer that your group or organization does not go to a lot of expense in packaging your request (i.e. plastic or fancy covers). The first page of your submission should be **our 2022 Grant Application for County Assistance** (i.e., **not your cover letter or artwork**). Should you have a unique situation that requires special assistance or consideration, please make the Board aware.

The Fremont County Recreation Board will contact each grant application contact person after July 1st, 2022 when we can confirm and award Community Grants for the 2022-2023 Fiscal Year.

All grant monies must be used within the boundaries of Fremont County. The Board will fund only those projects that are directly recreation orientated. The Board reserves the right to consider each group or organization's request on a case by case basis.

Any group or organization may submit requests for multiple projects; however, only **up to \$7,000 TOTAL** will be granted to any one group or organization this fiscal year. Community Foundations may be exempt.

The Board's grant will be for no more than **50% of your project's total cost**. The Board encourages all groups to obtain some kind of a match from another entity. The applicant may use in-kind labor, equipment, or professional assistance for up to 50% of their match.

Be sure to inform us in your application the amount of money, if any, your local board(s) approved for your proposed project. The only groups or organizations exempt are those who do not have a local recreation board designation (Fremont County Youth Camp, etc.)

Funds for approved projects will be available when grants are awarded **on or after July 1st, 2022**.

If you have any additional questions, please email me at admin@county10recboard.com or contact any Fremont County Recreation Board member. A list of Fremont County Recreation Board members is attached.

Sincerely,

FREMONT COUNTY RECREATION BOARD

[Kim Collins](#)

Executive Secretary

General Instructions & Guidelines

Please type or print Application. Complete Application in its entirety. Use additional paper as required. Read specific instructions carefully. Include all necessary attachments. **(Note: This is **not** the Application; this is the General Instructions & Guidelines. The Application is attached)**

Grant Application Information Letter
